Accounts of receipts and expenditure for the past year 1883-84 showing an income of Rs 57 54-13-11 and an expenditure of Rs 4893-4 were read and approved.-

2. Before proceeding to [illegible]

[illegible] revised receipts and expenditure for
[illegible] year 1884-85 Kapsan Krishnappa
and Bheemanna proposed upon the notice
of the Board the great hardship that is
caused to the merchants and petty traders
by the existing heavy Abkari duty on tobacco
and betel-leaves. It was stated that
the existing practice of requiring tobacco
importers to pay the duty in advance or
keep the tobacco in bond was producing
great inconvenience as the alternatives
were either to pay a heavy duty long before
a sale could be effected and with no
definite prospect of selling within
municipal limits or to run the risk of
allowing the tobacco to deteriorate for
want of frequent breaking bulk and
exposure to sun and air. The result was
that merchants were finding it more
convenient to store their bales beyond
municipal limits and sell there. A
reduction of duty with greater freedom
to break bulk was called for. Kapsan
Krishnappa was for abolition of duty
altogether. But the Board resolved by a
majority-

(1) That the duty in Mysore Tobacco
remain at 1 Rupee per maund.

(2) That the duty in Tobacco imported

from the municipal territory and on not chewable Tobacco with the Chewable powder) is reduced to ½ a pie to 8 annas and 1 anna a maund.-

and (3) That the duty shall be paid when the bales are brought and stored within Municipal limits which will allow of owners breaking bulk as they may desire and require their giving the necessary references when re-exported.-

With regard to Beetle - leaves it was represented that the price had fallen considerably and that the duty was out of proportion to the price, that in consequence beetle-leaves were being sold beyond Municipal limits to the Considerable loss of Municipal revenue and inconvenience to buyers and sellers. It was therefore by a majority resolved (1) that the duty should be reduced by half ie. to 2 pies per bundle of 200 leaves.

interferes with the uniform rate of 2 pies on 100 prevailing all over the Province.

The Board proceeded to frame Budget of Receipts and expenditure for 1884-85 and the Estimates framed are embodied in the statements attached hereto.

~~Rs~~ 6390 as the Estimate of Receipts and ~~Rs~~ 6225 as the Estimated expenditure.

The Board still adhere to the necessity for the removal of [illegible] and the remedies of

Orphanage and Roman Catholics from there sent sites. Suitable sites is also allotted in exchange and Compensation paid. The P. P W. estimated the Compensation due for the Parchery honours at Rs 900 and odd. But this requires — revision as several of the honours then valued have now much deteriorated, or ceased to exist. The Compensation for enclosing to the Cemetry sites is estimated at Rs 160 odd and the Board resolve that the President shall take steps with the necessary sanction of Government to arrange for the change of the burial grounds. The debit of Police charges to Municipal Funds is a standing grievance which the President should again urge on notice of Government.-
